

Scanguns Configuration

3.1 Scanguns Configuration Overview

Once Liquid UI Handheld Scanguns is installed on the target mobile device, there are a number of configurations that can be performed. In this section, we will explain each of these configurations. Topics covered are as follows:

- [LiquidUI-Mobile.sy3 File](#)
- [Connecting with Mobile](#)
- [Creating and Assigning Profiles](#)
- [Configuring SAPLOGONPAD Lockdown](#)
- [Suppressing Idle-time Logout](#)

Unique solution ID: #1466
